

Capability Statement

Trident Drilling LLC is a veteran-owned, licensed water well drilling company serving the Pacific Northwest, including Idaho and surrounding regions. The company provides groundwater development and well construction services for residential, commercial, agricultural, and light municipal applications. Founded and operated by retired U.S. Navy SEALs, Trident Drilling applies disciplined planning, operational risk management, and clear communication to every project, with a strong emphasis on regulatory compliance, safety, and long-term well performance across diverse geological conditions common to the Pacific Northwest.

Core Competencies

- Residential, commercial, and agricultural water well drilling
- New well construction and replacement wells
- Groundwater feasibility analysis and site-specific geological research
- State and local water resource permitting and regulatory compliance
- Air rotary and hard rock drilling
- Steel and PVC casing installation
- Well sealing, grouting, and sanitary protection
- Yield, drawdown, and performance testing
- Coordination with licensed pump and electrical contractors

Differentiators

- Veteran-owned and operated by retired U.S. Navy SEALs
- Over 35 years of combined operational and leadership experience
- Proven performance in fractured basalt, granite, and mixed sediment formations
- Experience operating in varied hydrogeologic conditions across the Pacific Northwest
- Transparent pricing and conservative engineering decisions
- Strong emphasis on documentation, safety, and communication
- Ability to operate efficiently in remote and logistically challenging environments
